# Housing and Residence Life Fire Reporting 2017

## **Section One: Fire Statistics:**

Number of fires in 2015 Calendar Year (Spring, Summer, and Fall semesters): 2 Number of fires in 2016 Calendar Year (Spring, Summer, and Fall semesters): 1 Number of fires in 2017 Calendar Year (Spring, Summer, and Fall semesters): 2

DATE	CAUSE	DAMAGE COST/VALUE	Death or Injury
4/17/2017	Burning pinecones left on preserve	\$0	No
	bridge between Cove T and Landing Y		
9/18/2017	Small towel caught on fire in Q 1 <sup>st</sup>	\$0	No
	Kitchen.		

# **Section Two: Description of Fire Safety Equipment**

Fire Alarms are located in:

All Housing Areas

Fire Sprinklers are located in:

Osprey Hall

Osprey Landing

Osprey Cove

**Osprey Crossings** 

**Osprey Fountains** 

The Flats at UNF

Fire Extinguishers (approximately 450) are located in:

Osprey Village Apartments

The Flats at UNF Apartments

All RA Rooms

Elevator Rooms in Osprey Hall, Landing, Cove, and Crossings

## Section Three: Number of Fire Drills in 2017

Each occupied Housing area conducts one fire drill per semester. One drill is conducted during the Spring semester, Summer A term, Summer B term, and Fall Semester. Overall for housing, there were 17 fire drills held during 2017.

Housing and Residence Life guidelines state:

At least once during the first week of each term, a Fire Drill for each building occupied by residents will be scheduled by the Residence Life Coordinator. Depending on the training needs of the staff, the drill may be either planned or spontaneous. All of the above procedures should be followed. However, University police should be notified by the RLC of the drill *before* the alarm is pulled. A fire alarm form must be completed for each drill and submitted online. **Note on the fire alarm report the time it took for residents to evacuate the building**.

All reports of drills, false alarms, and actual fire situations may be reviewed by the Fire Marshall during periodic inspections.

# Section Four: Housing and Residence Life Rules & Policies Related to Fire Safety

## **A2.0 Appliances**

Care should always be taken not to overload electrical circuits. Residents should not connect

#### Other Restrictions:

**A2.6** Rewiring of student rooms is not permitted, nor is excessive or unsafe use of extension cords or plug adapters.

**A2.7** Residents and guests may not leave cooking food unattended in rooms, lounges, kitchens or grilling areas.

### C1.0 Candles/Incense/Smell Goods

Candles with or without a wick, wax warmers, and/or incense are not permitted to be used, stored or serve as decorations in rooms or apartments for fire safety purposes.

Other options are air freshener sprays, portable home fragrances, and plug in scents.

### **D2.0 Dangerous Materials and Weapons**

The possession and/or use of firearms, weapons, and dangerous materials for use or decorative purposes is not permitted anywhere in the residential area. Violation of this policy may result in immediate removal from housing.

Dangerous Materials are defined as, but not limited to: ammunition, fireworks, combustible materials (including lighter fluid, propane, butane torches and dangerous chemicals) or other dangerous articles or substances.

### F1.0 Fire Safety and Fire Safety Equipment

#### F2.0 Fires

Setting a fire or setting fire to any university or personal property is not permitted. The only exception is grilling in designated areas. Please refer to housing resources for approved options for grilling.

### L1.0 Lighting

Lamps and lighting should be UL approved. Halogen lamps, lamps with plastic shades, medusa style lamps and strobe lights are considered fire hazards. Storage or use of these or similar devices are not permitted.

## S3.0 Smoking and Vaping

The Florida Clean Air Act, effective Oct. 1, 1993, prohibits smoking within any state university system educational facility, including residence hall rooms, apartments and facilities. Smoking and vaping are not permitted in any of the residence hall rooms, apartments and facilities, including the Osprey Fountains porte-cochere, courtyards, elevators, stairwells, balconies (including The Flats at UNF and Osprey Village apartment balconies), lounges, patios, etc.

Please refer to the University Smoke-Free Campus Initiative policy <a href="https://www.unf.edu/president/policies\_regulations/01-General/1\_0140R.aspx">https://www.unf.edu/president/policies\_regulations/01-General/1\_0140R.aspx</a> .

UNF's campus is considered a smoke-free environment effective August 1, 2015.

# Section Five: Housing and Residence Life Evacuation Plan (From Residence Life Emergency Response Plan)

## **Fire and Facility Evacuation**

### **Evacuation Procedures to be followed:**

If a fire is discovered in any building on campus, the individual shall immediately pull the closest fire alarm.

When a fire alarm is activated, all occupants will evacuate the building in a timely and responsive manner, heading to the nearest emergency exits. Building Supervisors will assist with evacuation as they leave the building to ensure complete evacuation.

If possible, the Building Supervisor should notify UPD when a person is left behind in the building due to circumstances beyond their control (i.e. disabled, injured, etc).

The fire alarm system is designed to indicate the location of the alarm and notify UPD. UPD will then contact the fire department and the University Incident Commander.

#### **Evacuation:**

When an evacuation of a building is ordered, the evacuation will be done in an orderly and safe manner. All faculty, staff, and students are to assemble in areas designated by the UPD or Building Supervisors. Evacuation orders may be given for multiple purposes.

by the Fire Marshall during periodic inspections. The Associate Director of Residence Life is responsible for maintaining all such reports in an easily accessible notebook.

### Fire Drill Protocol

- 1. Alert UPD that the drill is happening at least 30 minutes in advance
- 2. Assign staff members to certain tasks or areas during the drill
- 3. Determine who will activate the pull stations to set off the alarm
- 4. Wait until UPD is present to pull the alarm; when they are there, have your staff member(s) active the pull the stations; those not pulling the alarm should be up in their rooms
- 5. After the alarm is pulled, each RA should be responsible for knocking on as many doors as possible as they are evacuating the building and going to their assigned locations
- 6. As the Residence Life Coordinator, you should walk around the area to check for any concerns (ie: alarm noise level, alarms not going off, students not evacuating)
- 7. Once the drill has been completed, UPD will reset the fire panel and silence the alarm; this should be an indication that residents can reenter the building(s)
- 8. If necessary, utilize staff members to reset emergency exit doors
- 9. After the drill, have the staff members who pulled the alarms fill out the Fire Alarm forms on the Admin Portal

### **Actual Fire Situation**

In the event of a fire alarm the following policies and procedures should be followed:

- 1. Person spotting fire pulls fire alarm to alert residents to evacuate.
- 2. UPD and RLC On-Call are called immediately. (The alarm does not necessarily notify the police or the fire department.)

**State:** Your name and position (RA or RLC)

### Building/wing/floor/and location of the fire

- 3. If the fire is small, contained, and easily extinguishable, you may attempt to extinguish the fire with an extinguisher or hose. HOWEVER, DO NOT PUT YOURSELF IN DANGER!
- 4. As RAs leave the building, they should tell residents to evacuate to a safe distance away from the building. If safe, RAs should knock on doors.
- 5. All staff present and able should report to their designated meeting area to assess the fire situation and assist UPD and/or Fire Rescue with keeping residents away from the

8. **Do not put yourself in danger**. If origin of fire is unknown, do not enter the location.

### **Unknown Source of Alarm**

- 1. Alarm rings.
- 2. RAs will be given responsibility for the following:
  - o Notifying UPD and calling RLC On-Call.
  - Notifying responding staff of any residents who may have special needs or need additional assistance.
  - o Direct residents to move away from entryways or area of suspected fire.
  - o Wait for emergency personnel to give directions.
  - o Call RAs (in the area) who have not responded to the alarm (if more assistance is needed).
- 3. Every RA who is available should assist UPD/Residence Life Staff. UPD will check the control panel for location of alarm pulled. If location of pulled alarm is identified, RAs should stand by while UPD investigates for possible fire situation. If it is determined that there is no fire, alarm may be reset by UPD. If fire is detected, refer to above procedures.
- 4. Once possibility of fire has been ruled out, the main alarm may be re-set by UPD.
- 5. After the alarm is re-set, UPD will notify Residence Life staff and residents that they will be able to return to their rooms.
- 6. Office Hours or On-call RAs will document the fire alarm, whether actual or false, on a Fire Alarm Report Form found on the Housing Admin Portal. The form should be
- 7. RAs should document residents who do not comply with the evacuation procedures.

# **Section Six: Housing and Residence Life Training Programs and Fire Reporting Structure**

### **Housing and Residence Life Training Programs**

Housing and Residence Life provides training to professional staff members and student staff members on an annual basis beginning in the Fall semester of each year, or upon hiring of new personnel during Spring and Summer semesters. Training on various aspects of Fire Safety and Reporting are provided by both Senior Staff of the Housing and Residence Life Department and Environmental Health and Safety.

Residential students receive information regarding Fire Safety and instruction on Fire Drill and Evacuation procedures during the beginning of each semester in each housing area. Professional and student staff provide all information to residential students (Fire Drill and Evacuation procedures are outlined in Section Five of this report).

All applicable training was provided during 2017.

### **Reporting of Fires in Residential Areas**

Should a fire occur in a residential area, the following reporting plan is followed:

- 1. Person spotting fire pulls fire alarm to alert residents to evacuate or fire in room causes alarm to go off and building is evacuated
- 2. **The University Police** and **HRL Coordinator On-Call** are called immediately by the **Resident Assistant** or **HRL Coordinator** at the scene (The alarm does not necessarily notify the police or the fire department)
- 3. The HRL Coordinator On-Call will notify the HRL Senior Staff On-Call
- 4. HRL Director or his/her designee will notify Vice President of Student and International Affairs

## **Section Seven: Plan for Future Improvements**

At this time there are no plans for changes to the fire alarm system. Housing and Residence Life constantly reviews reports and conduct incidents and utilizes this information for the following:

Programmatic efforts

Resident educational initiatives

Policy review and adjustments

Policy implementation
