My Actions FAR Notification

My Actions

Users will receive My Actions notifications 7 days after the system opens for any unapproved Faculty Activity Reports that require approval. The goal of the My Actions notification is to allow users to easily access and approve all assigned faculty activity reports.

A My Actions notification will populate for any unapproved FARs assigned to the user. Each notification will contain a link that will take the user directly to the unapproved FAR. Once the FAR is approved the notification will clear from the user's My Actions queue.

Certain faculty activity reports require department chair approval. Once a user approves a FAR that
